A woman I knew through business had mentioned in May that she was separated from her husband. I offered to pray for her but she did not want restoration. Time passed and she began to inquire as to God's desires in marriage, divorce, does God want me happy, etc. Things declined and her husband starting treating her even worse. Val and I invited her over to our home. We ministered to her and told her that God wanted to restore her marriage to perfect. She looked incredulously at me and openly stated her doubt. She said, "You make it seem so simple." We anointed her with oil and said that she would be favored by her husband. We broke every spirit off the husband as well. She left at 9:30 pm. 3 hours later, at 12:30 a.m. her husband called her! He said he was so concerned about her and couldn't stop thinking about how much he loved her! She was totally blown off her rocker! Now I am discipling the man and they are both following Jesus and being built up! Hallelujah!

### *Divine Healing by the Anointing Oil*

It was about 4:30 in the afternoon and we are getting the kids changed and ready to drop mommy off at work when my wife shows me a serious breakout on our 1 year old son AJ that appeared to be the dreaded chicken pocks. I went ahead and dropped my wife off and took our 3 year old daughter down to hang out with her grandma and grandpa for the night. On the way home was listening to K-Love and just praising away and praying about the situation at hand. When we got home I took authority over it and anointed him with The Oil. I declared that in Jesus Name he was not to be sick but to be of great health. I firmly stated that this sickness that was among him must leave and may not touch him any longer, for it was not of God and what He has in store for this child in Jesus Name. At 6:00 I went to give him a small snack and Praise The Lord, all the red spots that covered him from head to toe 2 hours prior cease to exist. Thank You God and In Jesus Name may we say Amen to this Miracle for my young one. I can't stop smiling I am filled with joy to share!

### *Job Divinely Supplied*

Got home last night and a neighbor walked up out of the blue and said, "Weird question, are you looking for a job?" I said yes as I was thanking God in my head. Full time security guard position, Thank you God! I had to share! This favor is amazing!

### *God Meets Every Need*

Mark and I were having some car difficulties, so we put our car in to get repaired. When they got back the quote to fix our car, it was significant. We didn't worry, we knew that God provides ALL of our needs. I was reminded of the testimony that Arnold shared earlier about his car, and I knew that God would do it for us. There was a sudden increase in our business which was more than enough to fix our car! The mechanics even came back and said there was more work that needed to be done, and we had more than enough for that as well! We give God all the Glory!!

### *Divine Healing*

On Sunday afternoon I was coming down with a tooth ache which within a few hours spread to the entire left side of my head. Never experiencing a tooth/head ache like this before I was pretty miserable for a few days. But on Tuesday night I went to visit Kurt at his home, which is also where the home fellowship takes place here in Kalispell MT. As soon as I entered into the house there was no pain what so ever. Now its Wednesday afternoon and still no pain. All praise and glory to God for His awesome healing power.

### *Child Returned to His Family*

My cousin in IL and his wife, had to go somewhere and left their 2 year old with the babysitter. When they came back, the baby was missing. Everyone was praying and begging God to bring the baby back safely. Four and a half hours later, my sister (who has a fellowship in IL) calls me and said “Nathan can you please pray”. So I said a quick prayer, and commanded the baby to be returned to his parents in Jesus name. Ten minutes after I prayed, the baby was returned to the parents, and he was unharmed! I give all Glory to God!

### *Bill Divinely Paid For*

Earlier this month, we unexpectedly needed some help paying a bill. I prayed for the money that was needed, and two hours later I received a phone call from a coworker of mine. She had previously signed up for an off-duty (overtime) job for that same night, and had just decided that she no longer wanted to work. She said that she had thought of me, and decided to see if I wanted the job. I took the job, and made \$280 in cash that night! Thank you Lord!

### *The Anointing Flows in My Workplace*

I had a situation with a coworker that was causing some difficulty in the workplace. I had prayed about it and asked the Lord what I should do. The worker had been there 16 years. After the anointing service, I was prompted to go and anoint this persons desk. The following day, this coworker approached me to let me know that another job for her had opened up, and their last day would be Friday. I know that God is bringing the right people in!

### *Healed in Jesus Name*

I was at a park with my boys when a man came up in an electronic wheelchair. I learned that he had fallen 3 stories 4 years ago, and has been in pain and unable to walk ever since. I offered to pray for him and he gladly accepted. He had "banding pain" in his abdomen which makes you feel as if your abdomen is being pushed out and crushed in at the same time. He also had sharp shooting pains in his back that he described as an 8 on a pain scale from 1 to 10. God instantly healed him of his back and abdomen pain, and he exclaimed, "I feel 100% better." His countenance was changed and you could see his excitement and surprise. I invited him to fellowship and told him God would restore his ability to walk as well! Praise God!

### *House Rented in Divine Speed*

We were needing to rent our house because we recently moved into a new house. As we were talking about it with Pastor Mike, he said, ‘Your house will be rented by this week.’ We said, thank you Jesus we believe it! Later that afternoon we received a call from a lady who wanted to rent the house (this was on a Sunday afternoon). Her financing and paper work went through on Wednesday and we rented our house without any problems! Glory to God!

### *The Anointing Brings Favor*

After last weeks "Anointing Oil" service, I anointed myself with our oil. An hour later, a neighbor of ours (that I've only met once) knocked on our door and handed me a gift card to a local store, for the birth of our newest child. Two hours later, another neighbor of ours knocked on the door and handed me a bag full of baby clothes for our new daughter. Two days later, I received a phone call from my cousin (whom we are not usually in touch with) saying that she would be mailing us boxes of baby clothes for our daughter! Praise God for supernatural favor!

### *Divine Favor in Business*

Never before in our lives, have we experienced the anointing in such a real and powerful way. My sister and I started an online business about a month ago. It was really more as a hobby and something that was fun for us. As we have grown more with this teaching, we started to understand that God blesses the works of our hands, even if its a hobby. Since Sundays anointing service we can't keep our merchandise on the rack! It's selling so fast! We can't believe it! The anointing is SO real! We give all glory to God!

## *Divine Healing*

My daughter-in-law Lisa has been having trouble with getting pregnant after 4 years now. She went to have a fibroid tumor removed 7cm big. I have spoken over her that it would die. In May she had the surgery and almost didn't make it. I was mad. My son and his wife are not strong Christians yet, but they have watched David and I pray and speak over them many times. This Thurs. Lisa had another surgery with same Dr. to remove the rest of this tumor off her tubes that the Dr. didn't get in May since her oxygen level dropped and had to be on a ventilator for 24 hrs. So I spoke God's mercy over her and said to her "this tumor is dead, busted, dried up and gone" in Jesus name. This time the Dr. came out to talk to say "She couldn't understand why she could hardly find the rest of the 20% of what she didn't get in May." it was hardly visible and only the size of her pinky fingernail. She was very perplexed with that. I laughed, and said Praise God, I prayed that you wouldn't find it! Glory to God! He is so faithful!

## *Divine Health*

About ten years ago I had multiple surgeries on both of my feet. As a result of the last surgery, I suffered some nerve damage in my left foot, which left my big toe completely numb. I was told by the surgeon that it would be permanent, and that nothing could be done. After reading and meditating on the covenant and healing scripture, I noticed that I have full feeling back in my toe and foot! Glory to God for divine health and supernatural restoration!

## *God Meets Every Need and Desire!*

I have been desiring a desk but haven't put much thought into it. This past week, I was looking at desks with hutches on craigslist. My husband told me how much to spend, and that it needed to match the rest of our furniture. I came across a few that I loved, but they were either more than we wanted to spend, or the wrong shade. I was getting frustrated, so then I decided to write down everything that I needed and desired. After reading what I wrote, I started to wonder if I would find what I was looking for. It was very specific. I then came across an add, that was what I wanted but I didn't know it at the time. I went to go look at this desk, and to my great surprise and delight, I was EXACTLY what I was looking for! It met every requirement that I had written down. I give God all the Glory! He cares about everything in our lives!

## *Divine Provision*

I needed \$1,000 dollar down payment in order to go to Korea for a taekwondo competition by Friday. On Wednesday my mom and I agreed for the money to come in by the time it was due, and Glory to God on Friday, we had the money!

## *The Anointing Covers All*

One of our fellowship members was offered a job in Alaska, a good job. After he had put his notice in at his previous job, he got a call that is was going to be a few months before he could start. They thought he had his CDL, (he doesn't) which would take a few months to get. At the fellowship meeting two Fridays ago he came pretty bummed and worried about the situation. At the end of the meeting everyone anointed themselves. On Sunday the job called him and told him to go ahead and come, that he could get the certification whenever he liked. He left for the job this Monday.

## *His Favor Follows Me Everywhere I Go*

Praise God as he continues to do exceedingly and abundantly above all we could ever ask! Back in July, God blessed me with a marketing contract to provide for financial needs that we had at that time. Grateful and content with this opportunity, I did not seek any other opportunities. Then I received an email from one of the top ministries in the world asking me to apply for an open marketing position. Content with my current situation, I did not respond to the request for weeks. Then they called me asking me to apply. Dave and I came into agreement that I was to apply. After applying, I was quickly ushered through the application process and they offered me the position with a salary 13% more than what was advertised and the flexibility to work from home one day a week to honor my commitment to our marriage and our business. Praise God that He brings the increase! Glory!

## *Testimony from Canaanland*

I suddenly fell ill; I saw life getting out of me. My wife called for prayer, and prayer team was hurriedly set up. The team came to our house and they began praying for me. At a time they had to rush me to the hospital. The Bishop was also contacted and he prayed that all would be well with me. I saw one side of my body dead. When we got to the hospital it was confirmed as stroke. The miracle God did was this, initially the doctors thought that my brain and heart were ruptured because I could not talk and even lost consciousness of everything around me, but God broke all protocols for me, and when they tested my chest and brain, they found out that everything was okay. And within 48 hours I rose up on my feet. Whilst speaking with Bishop afterward, I told him that I could not use my right hand but he declared that “you will use your hand again.” To the glory of God I came to the church this morning and even took note with the right hand. It is a sure proof that God dwells here. I have return to give Him all the glory.
