*Cancer Dried Up in Jesus Name*

Two weeks ago, my friends Deb and Jen came to a fellowship meeting. Several weeks prior, Deb was diagnosed with double breast cancer and was scheduled to get a lumpectomy. I should also preface that she was diagnosed in early Sept with breast cancer and they suspected uterine cancer as well. Pastor Mike Popovich was in town for a fellowship and Debra's aunt asked Pastor Mike to pray that she did not have the uterine cancer. The next day, she was evaluated and results - NO Uterine cancer! Anyway, she came to fellowship and asked that we pray for her. We prayed that the cancer die up and that no cancer be found. On Monday before the lumpectomy, they decided to do ultrasound to check out things before the surgery. Guess what?! They found nothing! NO SIGNS OF CANCER AT ALL!!! Radiologist were brought in and other doctors and noone could figure it out! We all know that's because it was truly a God given miracle! He can (and does!) anything! Praise God!

### *Divine Pregnancy*

My wife and I have been trying to have a baby for two years now. We kept believing and standing on the word. We give God ALL the Glory because the doctors have confirmed, my wife is pregnant!! The doctors were confounded because he said the baby was conceived at a time where it was scientifically impossible! He makes a way when there is NO way!

### *New House Delivered by Praise*

I wanted to move from the apartments that we lived in, so I asked God for a new place to live. Moving is not something we cannot afford at this moment, so I had no idea how it would happen. I just thanked and gave him all the praise for a new place even though I didn't know how it would work. Then about a month we got a place! The landlord is only charging us half of what he knows he can get for it which is only \$40 more than what we pay now in the apartment! Hallelujah! We will be out by the end of October! He makes a way when there is no way!

### *Broken Foot Healed*

My granddaughter was sitting on a chair when it collapsed, and her foot got caught under it. When my daughter looked at her foot it was clearly broken and she was in pain. My daughter remained calm and just said Jesus and put anointing oil on it. When she looked again the foot turned back to normal, and was in no pain! We give God all the glory!!

### *God is My Source*

Since learning that God is MY source and living that, I learned that a club in the valley is going to donate 10-20 thousand dollars to my foundation that I am going to start, then another grant! It continues to come. Thank you Jesus! Yesterday I signed the papers for my foundation "MIKAYLAS MIRACLES AND BLESSINGS FOUNDATION", and I am the president and I am proud to say that ALL my board members live for Jesus! GOD IS SO GOOD! GOD IS MY SOURCE!

## *Divine Healing*

A women that I was speaking with had mentioned a broken wrist. She has had this for over a year and will get surgery soon. I quickly asked if she wanted me to pray for her. She said yes please! I invited them in and grabbed the oil to pray over her wrist which was clearly disfigured. God healed her! Praise GOD! She said she felt a burning sensation, I was just saying that's God healing you! When she left she kept thanking me, and I quickly told her no not me! THANK GOD! It's all him! Thank HIM! Thank you Lord for pouring out all your love All around me!!!

## *Released from Hospital After the Anointing*

During the anointing service, I anointed a photo of a friend who we'd been praying all week would get out of the hospital. The minute church ended his wife called me to say he was getting out of the hospital!!

## *God Intervenes in My Workplace*

My boss has been very stressed out about an investigation that was going to be conducted on our company by a government agency. Very long story short, the legal fees and possible fines connected with the audit were going to cost us mostly likely between \$20K - \$100K+. Not only that, but the investigator had threatened to take the necessary actions to take my boss' broker's license away. (The investigation came about by a bogus claim by a jealous competitor that was trying to take our company down.)

I gave my boss Bishop Oyedepo's book "Divine Direction" and although he read it and is a believer, he told me he didn't really agree with some of the things that Bishop Oyedepo said in the book. I was disappointed at first, but then he came to me last week and asked me to pray for him and the company....so I did.

As of last Friday, the investigator had given us the deadline of Monday 10/15 to schedule the official audit. My boss was very stressed out about it. We called today to schedule the audit and the investigator mysteriously 'got transferred' to another region in the matter of one day! I was in shock and first, but I know for certain that it was God! As far as we know, the case has been dropped. God is so good and powerful! Glory be to Him!!

## *Healed in Jesus Name*

Saturday, I reconnected with a 87 year old gramma figure in my life. I wanted to introduce my husband to her and see her because it had been about five years since the last visit. When she answered the door she was holding her chin and guiding her head. We got to talking and sharing testimonies and she kept saying well I have been knowing my miracle was coming. Her neck muscles didn't work and hadn't for sometime. She had to support her head with her hand most of the time we were there to keep from looking at ground! When we went to leave Kurt asked her if she wanted her miracle and have her neck muscles healed. She teared up and said yes. We forgot our oil as it was taken inside our house to thaw out. She didn't have any oil, but we laid hands on her neck and started to praise the healing in Jesus's name. Her neck got very hot. She was so thankful! Sunday after church, we ran into her daughter who was amazed and said she is able to support her neck. Praise God! I just called Lois on the phone and she said its better and is going through phases of hot. Exceedingly and abundantly beyond anything we could ask for.

We prayed for financial relief by praying that my wife gets a full-time job. Since the prayer, my wife has been working full-time! We give God all the glory!

## *Car Sold by the Anointing*

A little over a week ago at a Monday night home fellowship the time came to bring up any special requests. I said that I had a truck that had been advertised for sale for well over a month that needed to be sold soon. Pastor Mike anointed my hands with oil and said “It will sell THIS week in Jesus’ name”. I was instructed to go home, lay hands on the truck and command it to sell now, and a buyer to come this week in Jesus’ name; which I did. As I began to think on the word of God more, it really hit me that God was really working on my behalf, and in a powerful, tangible way. So I said out loud “If you can and will do that for me, then you can surely send a buyer for my truck. I said “Buyer – you call me now in the name of Jesus”! Within 30 seconds my phone rang and I KNEW it was about my truck. Sure enough, the guy said he wanted to see it and we arranged a showing/test drive. After he and his wife drove it and loved it, they wanted to have their mechanic look it over and since I knew there was nothing wrong with it, I agreed. They called and to my complete surprise said they were going to pass on buying it! I know we have an enemy and after I hung up I got angry - because now he is trying to steal my deal. So I rebuked him in Jesus’ name and said ‘this truck Will sell yet this week because it has been established, God confirmed it, and I’m not letting go of that’. Within probably 2 - 3 minutes my phone started ringing; and a deal for cash was struck over the phone that night! Praise God almighty!!

### *Finances Restored*

My aunt had been struggling financially for some time and had recently started attending the fellowship in Rock Island, IL. She was falling behind on her house payments and sought the Lord for divine provision. She then received word from a company she had previously worked for that she had a pension that she could collect for over \$13,000. Praise God.

### *Healing by the Oil*

My daughter came home Sunday and said, "Guess what mommy?! I did my first anointing!" She said her step-mother's stomach was hurt when the dog jumped on her. She said her step mom was crying. My daughter said she asked for oil to anoint her, and she prayed and her step-mom was no longer in pain! Glory to God!

### *Lost Girl Restored by the Anointing*

This girl had been missing for two days. So I went into the office of a girl who knew her and asked her to email me a picture of the girl that was missing. We wrote down together on paper our three prayer requests regarding her safety. I prayed with her watching me (she's not a believer) in her office & annointed the paper with the prayer request. I also annointed the picture on my computer of the girl. I told her that the girl will probably show up right away because someone in my church had the same incident happen with a child and then child was found almost immediately (I remembered that testimony last month that was said in church). In less 5 minutes, she came back to my desk, saying "This is so weird, but they just found her!" Praise be to God

### *Unexpected Inheritance*

I keyed into the testimonies that I heard at church of people receiving pension when they rebuked lack. The next day (Monday) we received a call giving us an unexpected inheritance equal to 6 month wages!

## *God's Favor in the Work Place*

My brother in law who hosts the Rock Island fellowship was stuck working nights at his job which hindered his ability to spend time with his wife and family and to attend the fellowship meetings. He was told he would be able to change shifts after a prescribed amount of time, but when that time came he was denied a transfer. They told him he would be working that late shift for a very long time and that it was not up for discussion or reconsideration. They gave it over to the Lord understanding he makes a way where there is no way. The next week they changed their minds and gave him the transfer he asked for. Glory to Jesus.

## *The Testimonies of the Lord are Sure*

We have had these chairs that we have been trying to sell for over two months now. Only one person has inquired about these chairs during that whole time, and they left not interested in buying them. When I was reading another person's testimony, I was determined to see the same thing in my life. So, I went downstairs and I anointed them. I said "I serve the same God who did that for that person, I know He will do that for me. Buyer you will come today in Jesus name." One hour later, I get an email from the lady who had looked at them before, she said she changed her mind, and she would like to pick up the chairs today!! I give God ALL the glory!

## *Testimony from Canaanland*

My husband wasn't at the service, so when I got home, I told him, 'Look, our baby is ready' and he said, 'Okay'. In January, I went to the hospital to see my doctor. I told him, 'I am pregnant.' He said, 'Okay, let's carry out the most accurate test, which is the blood pregnancy test.' The result was negative. I went home and told my husband, and he said the doctor didn't see well.

I went back to the hospital in February and told my doctor, 'Check me, I am pregnant.' He said, 'Madam, I don't mean to frighten you, but I don't think you can be pregnant. It is either you have PID (Pelvic Inflammatory Disease), ectopic pregnancy or the ovarian cyst is disturbing you'.

But I said, 'Doctor, I cannot have any of these diseases.' He said, 'Why are you so sure?' I said, 'There is nothing like that from Genesis to Revelation.' He said, 'Madam, go and do a scan again.'

By the time I got to the scan doctor's door, I began to shake. The doctor said, 'But woman, I have scanned you before.' I said in my heart, 'God don't make me a case study in this hospital.'

The man placed his scanning machine on me and said, 'Woman, you are pregnant!' I began to cry. I said, 'Doctor, how many months pregnant?' He replied, '11 weeks and 4 days'. Today, I have my baby in my hand - a bouncing baby boy!"
