*Divine Healing in Jesus Name*

November, 2002 I had a near total thyroidectomy due to Hashimoto's thyroiditis. My body was attacking my thyroid gland, and it needed to be removed due to the other health issues it was causing me. Since November, 2002 I have been on a stable dose of thyroid hormone replacement prescribed right after the resection. November, 2012 I was anointed and reborn! Since November, 2012 my doctor has had to decrease the dose of thyroid hormone replacement I had been taking three times daily, as I now have too much of the hormone in my blood stream. My doctor said she can't explain it. I can, God is healing me! Thank you God!

*Healed by the Anointing Oil*

Two weeks ago, my sister sent me a text and asked me to pray for my niece. She gets really bad migraines every year. We both prayed over her, and I anointed her picture with oil. The next day my sister contacted me and said that when she went to check up on my niece, her migraine was gone. I give all the praise to God for answering my prayer!

### *Divine Pregnancy*

My daughter-in-law, Lisa and son Justin were married, and have been trying to have a baby after five years of trying. Their faith is not that high, so after David and I started coming to this church, we started speaking differently to them about getting pregnant. I said “you will get pregnant; God wants to give you what you desire. You can ask anything in his name and you will receive.” She just looked at me. She has had multiple surgeries, DNC, tumors. This last time removing a tumor she almost didn't make it and was put in ICU for 2 days. They did not get it all that time. So, I got very upset and said this next surgery to remove what was left of the last tumor that it would be dead, busted and dried up in Jesus name. Her doctor came out to me and my son and said strange thing has happened, she could hardly find that 20% that she left behind. I told her I know what happened "I prayed it away" and she just looked at me. Then this December, Lisa announced her and Justin have given up and were signing up for adoption that in vitro was not what they could afford. I just looked at her in my Spirit and said "No you will have a child you are under our favor and blessings" as Pastor Mike says. I had he Book Thou Shall Not Be Barren from Pastor Oyedepo, have read it and was claiming all the verses in it for her every day. I waited to give it to her not wanting to do it at the wrong time. She was very sensitive. Now two weeks ago, she took a home pregnancy test and it was positive! I told her I am standing in faith that this test is correct, and she was quietly optimistic. My son has fully healed from his broken pelvis in September, after I anointed him in the ER with her watching. So now, I have asked the Lord if the timing was right to give her the book and she accepted it gladly. She has had an ultrasound and baby is eight weeks with a strong heartbeat! I am standing in faith with God's blessings and favor for my growing family. Thank you Father!!!

### *Items Restored in Jesus Name*

A young woman in the Moline fellowship was in need of a phone and a car. Due to a family fall out she was withheld a vehicle that she was supposed to inherit. Another member of the fellowship was helping her out by providing her with a pre-paid phone and rides around town. After lifting up the issues in prayer, in a matter of a couple of days the first woman was given a brand new phone out of the blue and the car was released to her. Praise God for his favor and grace! That same week the other woman, who did the helping, was given a promotion at work including a boat load of additional employee benefits.

### *My Family is Growing in the Lord*

When I went on vacation last month to visit my husband's family and my sister, I started to share the good news. It took me two weeks before I started sharing the goods news of Jesus. When we came back from vacation my sister said she started watching the services online and felt the Holy Spirit. Now, she anoints everything and her family; which she wasn't used to because she is a Mormon and they're not allowed to anoint themselves only the elders and bishop. Now she listens to Pastor Mike every day. I praise God for giving her the wisdom and knowledge of the truth. Amen!

### *Complete Healing in Jesus Name*

My dad was thrown off a horse in November. He experienced excruciating pain and had some tests done only to find there were some muscles torn away from his ribs and some other spinal/neck issues. His pain levels were between eight and ten for more than a month, and tried therapy and some "pain management" to no avail. The pain was unbearable and persistently getting worse. He inquired of the Lord, fixed his eyes on Jesus and received a rhema word for healing and as he began to profess the rhema revelation. His pain instantly went from an eight to a two. A few days later he was completely healed. Praise God! He is our healer, the God who saves!

### *Instant Healing by Communion*

I had really bad pains in my side, and I had shortness of breath. I was thinking I needed to go the emergency room. I decided to take communion, and I was instantly healed! I give all glory to GOD!

### *God Provides Everything I Need*

I have been redecorating the living room and I needed a coffee table. I went to Pottery Barn and found one that I liked for \$500. I really did not want to pay that much, so I prayed in the spirit and commanded the angels to bring the right one to me. Later, I looked on craigslist and found the same exact coffee table that I liked in Pottery Barn for \$150! I am so excited all I had to do was just receive from the Lord!

### *Healed from Immune Disease*

I have a condition called sarcoidosis which is an immune disease that affects different organs. My disease started to deteriorate my vision in early September. I was no longer able to drive or read. After numerous doctor visits, and high doses of prednisone with no improvement, the doctors decided I would need to go on chemotherapy to save my vision. After praying with Carla and the fellowship, I then returned to the doctor. My vision improved to twenty/twenty five without medical intervention! Praise the Lord!

## *Tumor Declared Benign*

We prayed with our brother in law before Christmas about a tumor on his kidney with concerns of malignancy. He stated the chances of it being cancerous were high. We just spoke scriptures with him and prayed. The next day, the doctors said that the tumor was benign. We give God all the glory!

## *Our God is the Healer!*

My son started preschool this week and the last two weeks we had to medically prove to the school some of the healing's that have recently happened to him. We had so much favor with the school and we are so thankful for God's healing power in our lives! Praise Jesus!

I was in Kansas and I got really sick, I had some liquid moving inside of my body, and it was so intense it felt like a strong burning on the inside. I heard the Holy Spirit say “throw meal in to the pot”, and so I went and got a cracker and water, and took communion. Instantly the pain was gone. I give all glory to God!

## *Healed from Pneumonia*

I called my cousin and she just came back from the emergency room. She had a bad case of pneumonia. The doctors told her to unless she improved significantly in 24 hrs, she needs to come back to the ER. I told her to take the Holy Communion. We took it together and prayed. I explained to her the significance and the power in the communion. We prayed and praised God for about five minutes. The next morning I called her, I asked how she was doing and she said she was 100% better and showed no signs of symptoms. She was completely healed!

## *Healed in Jesus Name*

For as long as I can remember, I feel cold a large majority of the time. Others around me could feel as though the temperature was normal or even warm but still I often felt chilly or downright bone chilling cold. It was often a cold that I could not escape and it had a major impact on my day to day life. When Pastor Isaac called those who had sickness in their bodies to come forward I went up to be healed of a sinus infection. Not only did my sinus issue completely disappear, but I haven't experienced that haunting cold that I used to feel. In fact, I have been feeling warmer than usual all week even when others around me feel cold! PRAISE GOD!!!
