

Genesis 1:1 – Taking the
Spirit and bringing everything
you need into existence

As the offspring of The Father, we are creative beings and have the ability to take the shapeless spirit, the unlimited energy of God, and mold it and shape it.

“There is an intelligent field of energy that underlies all creation. It is the divine matrix that connects all of creation. It is the bridge between our inner and outer worlds. Between the thoughts, feelings, emotions, beliefs and prayers we create inside our bodies and the effect they create beyond our bodies.” Dr Greg Braden

“Most men are totally unaware of the creative power of imagination and bow before the dictates of facts and accept life on the basis of the world without. But when you discover the creative power within yourself, you will boldly assert the creative power within yourself and will boldly assert the supremacy of imagination and put all things in subjection to it. Imagination is the creative power of man. There is nothing under heaven that is not plastic as potters clay to the touch of the shaping spirit of imagination.” Neville

7 is the number of perfection – You are complete in Christ, nothing lacking. In the very middle of the 7 words is Aleph Tav, which is Jesus Christ (YHVH is salvation and the anointing of God is in the very center)

From the beginning, the ultimate strength of God is the what son sees inside the tabernacle brings it into existence.

Jesus Christ is attached to man (vav, aleph, tav) – You are the temple of God. What is done in heaven is done in earth.

We are creative beings in union with God. What we see within takes the unlimited Spirit of God and forms it and shapes it, bringing everything you need into existence from within.

Even if the physical looks like it is impossible or unreasonable - forget that - “All things are possible with God.”

“Thou shalt decree a thing and it shall come to pass.” As a son, what you see and decree within, is not begging or “hoping it happens.”

“There is nothing under heaven that is not as potters clay to the touch of the shaping spirit of imagination.” – As a man thinketh in his heart, so is he. Guard your hearts and minds, because out of it flows life.

Quantum physics tells us the same thing, what you focus on takes the unlimited energy and produces the physical result
